

Fee Schedule

SYSTEMS ARTISANS

Initial Consultation:

Free

(Up to **1 hour**. Applies when we need to discuss what has to be done,
not when there already is a well-defined problem to solve.)

Base Rate:

\$ 55 /hr

(Ask about our special discounts!)

Long-running tasks (disk copies, anti-malware scans):

\$ 14 /hr (at my location only)

Memory upgrades:

\$ 20 *plus* parts cost

(I aggressively shop multiple on-line sources, and pass those costs on without markup. You will receive a copy of my invoice for any purchased parts.)

Disk upgrades:

\$ 30 *plus* parts cost

(I aggressively shop multiple on-line sources, and pass those costs on without markup. You will receive a copy of my invoice for any purchased parts.)

(Does not include the cost of any data copies, etc. - see "Long-running tasks" above.)

Milage:

\$ 0.45 /mile

(For any travel to or from customer's premises beyond a 15-mile radius from my location.)

I will always supply you with a written estimate before performing any work (or incurring any other charges) if you desire it. And (for some work) we can negotiate a fixed price for the entire job in advance.

Ask me if you have special computer issues!
